

Mobile app

Manage your Rx on your own time

We make it easy to keep track of your Rx, check for savings and more from your mobile device.

Our mobile app gives you a secure, simple way to manage your prescription benefits and member information. Find a nearby pharmacy no matter where you are. Learn about your medication and get information you can trust day or night. Do all this – and much more – at your convenience.

Keep an eye on drug costs and check for lower-cost alternatives that may save you money.

Order and track refills – even get timely refill reminders – so you never miss a dose.

Stay on top of order status so you know when to pick up your medication or watch for delivery by mail.

Access your Rx list, member ID cards and Rx history at your doctor's office or anytime you need them.

Rx Delivery by Mail

Convenience, savings and safety

Why get your Rx delivered by mail? Not only is delivery by mail a safe and secure way to get the medications you take regularly (like medication for asthma or high blood pressure) — you may save money, too.

Convenience

CVS Caremark® Mail Service Pharmacy can deliver 90-day supplies of medications you take regularly to your door. For even more convenience, start automatic refills, too.

Savings

Filling your Rx in 90-day supplies may come with savings. Plus, there's no extra cost for shipping.

Safety

Our secure, nondescript packaging protects your privacy.

**90-day supplies
could cost less
than 30-day
supplies.**

Prescription benefits

Convenient and affordable medication options

Welcome to CVS Caremark® – we manage your new prescription benefit plan. We're here to help you get the medication you need and learn how to keep costs low.

Make sure you know how to get your medication

You can pick up your medication at any pharmacy in your network. Some prescription benefits offer delivery by mail, too. Be sure to review your prescription benefit plan to see your options.

Tap into savings with digital tools.

Save time, compare costs and stay on top of your prescriptions. Do it all at [Caremark.com](https://www.caremark.com) and the CVS Caremark mobile app.

- Find a network pharmacy to keep medication costs as low as possible
- See if a medication is covered to get the most affordable option
- Compare drug costs to see where you can save
- Sign up to get email or text messages about your prescriptions and more
- Request refills and keep track of prescriptions for your family

Digital tools

.....

Save time and money

Our digital tools help you find ways to save on medication and manage your prescriptions on your own time.

When you register for an online account or download our app, you can manage your medications from your desktop or mobile device — anytime, anywhere. Here's how our digital tools can help you every day.

Find a network pharmacy

Using a pharmacy that's covered by your plan can keep your costs low. Locate one that's convenient for you.

Check drug cost

Find out how much of the medication costs your plan pays and how much you pay. See if there are lower-cost options to help ensure you're getting the best value.

Refill fast

Request refills quickly and keep track of prescriptions for your family in one convenient place. See how close you are to meeting your deductible and out-of-pocket cost maximum anytime.

Stay in the loop

Sign up to get email or text messages about your prescriptions, ways you can save, status updates and more.

Generic medication

Same quality, better price

Your plan offers many generic options to help keep your medication as affordable as possible.

Generic medications work just like brand-name equals

A generic has the same active ingredients, strength and dosage as its brand-name equal. Generics don't have high development costs, so they typically cost you less.¹

Generics are safe

The U.S. Food and Drug Administration (FDA) requires generics to be as safe and effective as brand-name equals. Both types of medication must meet the same FDA standards.¹

Here's how to save with generics

Current prescriptions: Ask your provider or pharmacist if you can replace your brand-name medication with a generic.

New prescriptions: Ask your provider if there's a generic option.

~86%

of all CVS Caremark prescriptions are for generics.²

Learn more at [Caremark.com/Generics](https://www.caremark.com/generics) (in the *Medication Use and Safety* section) or scan the code.

CVS Specialty®

Medication and support just for you

We're a specialty pharmacy that provides personalized care to help make living with your condition a little easier.

What is a specialty pharmacy?

It's a pharmacy that provides specialized medications. This may include medications that help manage complex conditions (such as rheumatoid arthritis, multiple sclerosis and cancer) or those requiring injections or infusions.

A team of pharmacists and nurses specially trained in your condition

You can send a secure message to your CVS Specialty CareTeam any time you have a question about your health or medication. You can also get tips on how to take your medication correctly, help you manage side effects and stay on track.

A choice of pick up or delivery

Get the medication you need, when and where you need it. Have it delivered to any place nationwide or pick it up at any CVS Pharmacy® location.*

*Where allowed by law. In-store pick up is currently not available in Oklahoma. Puerto Rico requires first-fill prescriptions to be transmitted directly to the dispensing specialty pharmacy. Products are dispensed by CVS Specialty and certain services are only accessed by calling CVS Specialty directly. Certain specialty medication may not qualify. Services are also available at Long's Drugs locations.
