

Discover your Health Screening Benefits

Health screenings are an important part of managing your health.

That's why your Critical Illness Insurance coverage from MetLife provides a Health Screening Benefit¹ (HSB) for covered screenings and tests. Now, everyone who's enrolled—you, your spouse, and dependent children²—can earn a benefit just for taking care of his or her health.

At least 42% of newly diagnosed cancers in colorectal cancer deaths in the U.S. could be prevented with recommended screenings.³

For women in their 40s and 50s, **annual mammogram screenings decrease breast cancer deaths.**⁴

Examples of covered screening and prevention tests may include **a blood test to determine total cholesterol, a blood test to determine triglycerides, an endoscopy**, or a colonoscopy. For a complete list of what's covered, please see a copy of your certificate.

Here's an example of how it works.

*Susan's doctor conducts a blood test to determine total cholesterol, which is one of the many screenings or tests covered by MetLife. Afterward, Susan contacts MetLife by calling 1-800-GET-MET8 to submit her HSB claim. All Susan needs to provide is her physician's name, phone number and address, plus the test and the date it was completed. A check for Susan's HSB benefit payment is on the way within a few business days once her claim is processed. It's that easy!**

*This is an example for illustrative purposes only.

METLIFE CRITICAL ILLNESS INSURANCE (CII) IS A LIMITED BENEFIT GROUP INSURANCE POLICY. Like most group accident and health insurance policies, MetLife's CII policies contain certain exclusions, limitations and terms for keeping them in force. Product features and availability may vary by state. The plan may include a pre-existing condition exclusion. After a covered condition occurs, there is a benefit suspension period during which benefits will not be paid for a recurrence, except in the case of individuals covered under a New York certificate. MetLife offers CII with either Attained Age or Issue Age rates. Attained Age rates are based on 5-year age bands and will increase when a Covered Person reaches a new age band. MetLife's Issue Age CII is guaranteed renewable, and may include a Benefit Reduction Due to Age provision. Premium rates for MetLife's Issue Age CII are based on age at the time of the initial coverage effective date and will not increase due to age; premium rates for increases in coverage, including the addition of dependents' coverage, if applicable, will be based on the covered person's age at the time of the initial coverage effective date. Rates are subject to change for MetLife's Issue Age CII on a class-wide basis. A more detailed description of the benefits, limitations, and exclusions applicable can be found in the applicable Disclosure Statement or Outline of Coverage/Disclosure Document available at time of enrollment.
